Lewis Atterbury Stimson Society — Membership is offered to visionary supporters who have included a commitment to Weill Cornell Medicine in their estate plans or as a beneficiary of their financial assets.

Annually, Stimson members are invited to our recognition luncheon, where they have an opportunity to socialize with like-minded philanthropists and hear about interesting topics presented by members of our esteemed faculty. Stimson members also receive *Philanthropist*, a newsletter designed to share important information about Weill Cornell Medicine's research, patient care, educational programs, and up-to-the-minute information about special philanthropic opportunities. All members have access to a dedicated planned giving professional, who is available to provide personal assistance to members who are thinking about creating a legacy gift to Weill Cornell Medicine.
