

## Children's Health Council

The **Children's Health Council (CHC)** is a group of passionate families and individuals who have dedicated philanthropic support to pediatric research, care and medical training at Weill Cornell Medicine. CHC members make gifts to an area of interest, or they choose to support the Children's Health Investigators Fund.

Through the Children's Health Investigators Fund, the CHC "adopts" scientists at the beginning of their careers and provides funding so they can establish the preliminary research results required to qualify for substantial grants from the National

Institutes of Health (NIH). Since its inception in 2014, the Council has raised over \$4 million for pediatric health research.

### Membership Opportunities

- Attend **Discovery Panels**: Weill Cornell Medicine pediatric physicians and researchers discuss timely children's health issues.
- Attend **Family Science Day**: Weill Cornell Medicine graduate students lead hands-on science experiments in a fun-filled day for the whole family.
- Enjoy intimate **cocktail receptions** and **luncheons** with fellow members.
- Connect with a Weill Cornell Medicine development officer to navigate the medical center.
- Take tours of **Weill Cornell Medicine laboratories** and discuss pediatric research and medicine with physicians and scientists.
- **Adopt a researcher**: Follow a physician-scientist through his or her career as he or she pioneers discoveries at Weill Cornell Medicine.
- Inclusion in the **Partners in Medicine** recognition society.

**"The Council is composed of incredible people. It's truly a group for everyone who shares a common purpose: improving the lives of children."**

— Mara Feil, CHC Vice Chair
