This list includes all scholarships fully funded as of April 1, 2018. We look forward to updating this list annually to properly recognize those donors who are in the process of funding their endowments.

There are a number of scholarships that have been funded through the generosity of multiple donors. For those scholarships, we have included the name of any donor who has contributed \$25,000 or more.

We recognize that some of our donors contribute to general scholarship funds, rather than to a named scholarship. While not included in the preceding list, these contributions are used by the Office of Financial Aid to assist needy students, and provide a significant source of support. We thank those donors for their continued generosity.

Our goal is to celebrate our donors and make this list as inclusive as possible. If there are omissions or errors, please accept our apologies for the inadvertent oversight. If you have corrections or questions about this list, please contact Lucille Ferraro, Assistant Vice Provost for Development, at luf2003@med.cornell.edu or **646.962.9491**.
